April 2, 2008

To Whom it May Concern;

This is a letter of recommendation for La Jolla Electric, Inc.

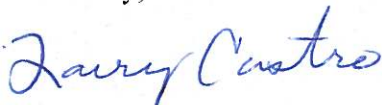

Since acquiring ownership of La Jolla Electric, Inc. in June, 2004, John Glinatsis has maintained Comprehensive General Liability, Commercial Auto, Workers Compensation, Business Personal Property and Key Man Life Insurance coverage's through our agency.

Ever since John Glinatsis assumed ownership, La Jolla Electric has established a reputation as a high quality, well-organized operation that has enjoyed steady and well-managed growth. They have achieved Preferred Client status within our agency and the Insurance Carriers that we represent. This gives them the highest level of eligibility with the broadest choice of carriers to do business with.

Because of this success, La Jolla Electric has been able to secure a Surety Bond Line with a Preferred Bonding Company. This bond line is pre-qualified and available immediately.

I have been working with contractors of every category for over 25 years and without a doubt, La Jolla Electric has earned the highest possible recommendation that I can give.

Sincerely,

Larry Castro  
Account Executive
